It is necessary to economise paper & also work in the Press in the present emergency.

The Supreme Gazette contains a lot of matter which is not required to be published in it by Statute.

I would suggest that the Gazette be reduced in size by omitting all non-statutory matter from it, except the Season Report. The prices of Statements in Part I may also be omitted as there is a separate publication for them.

I have noted for the consideration of the Dewan & Minister of Sg the case of 11/12/41, a matter that may be omitted

Proposal to economise paper & work in the publication of the Mysore Gazette.

P&S File No. of 194 | General and Revenue Secretariat

RETRANSMITTED WITH COMPLIMENTS:-

14 Detailed proposals have been submitted in letter No.P.C.1391 dated the 20th January 1942, addressed to you by the Secretary, Press Committee regarding the reduction in the size of types used for setting up the several parts of the Gazette both English and Kannada. If these proposals are approved by Government, considerable savings will be effected in the quantity of paper required for printing the Gazette and some savings under Printing as well as binding as shown in the last para of the note appended to the above letter. If, in addition to this the publication of matter in the Gazette is restricted to such Notifications as are required to be published under the statutory Acts in force, it will be possible to reduce the bulk of the Gazette to less than half its present size.

5 The Gazette is being published every week for the last Seventy-five years and is in conformity with the procedure in vogue in other Provincial and State Governments. By issuing it once a fortnight, it is possible that the publication of Notifications may be delayed, while no appreciable savings can be expected from this procedure. The real savings accrue from the use of smaller size of types (and restricting the notifications to be published) as stated in para 1 above.

9 Further, the conversion of the Gazette from a weekly to a fortnightly may possibly raise the question of reduction of the subscriptions from the point of view of the subscribers. As all the notifications issued during the two weeks will be published in one Gazette instead of two, the cost of production will be almost the same and the reduction of subscription will result in a loss. At

At present, a sum of about Rs.8,000/- is being realised by way of subscriptions, advertisements and publicatior charges.

Letter No. P.C. 139,1 dated 20th Jan. 19 from the Secretary, Press Committee regarding the reduction in the size of types used for setting up the several parts of the Gazette (both English & Kannada) with a view to economise paper employed & printing work in the publication of the Gazette.

18 The proposals of the ~~Deputy~~ Secy, Press Committee for the change in the size of types & format of the Gazette as generally agreed to by the members of the Committee are detailed in para 2 of pr.D The Secy. adds that no demand for purchasing new types will be raised consequent on the proposed changes, as the existing types & type casting equipmen in the press will be made use of for the purpose

week as at present in view of the U.O note by the Compiler are submitted for orders.

Hx 30.1.42 A note on the subject is put up as directed in person

Hx 31.1. 20

These proposals to reduce the cost of publishing the Mysore Gazette by economising paper, work and printing materials were discussed at a Meeting on the 30th January - at which the Secretary, P.W.D., myself and the Superintendent, Government Press (and Compiler, Mysore Gazette)were present. The following were the conclusions reached by us:-

1) At present 1650 copies of the English and 530 copies of Kannada Gazette are printed weekly at an approximate annual cost of Rs.46,000 (Rs.28,000 for wages and Rs.18,000 for paper). In view of the prohibitive cost of paper and printing materials in the present emergency, it is considered desirable to reduce the cost of printing the Gazette by eliminating certa matter from the Gazette and by using smaller types for getting up the several parts of the Gazette.

2) As regards the elimination of matter from the Gazette, the following suggestions may be approved:-

Part I.- Important Government Orders.

a) It is not desirable to omit Part I altogether. The Publicity Office usually publishes the gist of important Government Orders which are of general public interest but in several cases it is useful to publish the details of the schemes sanctioned and the public would like to

Serial No.

know them.

(iii) Governm... ...lers of general interest which are really important may ~~be~~ continue to be published in Part I of the Gazette.

Part III.- Notifications by Government (including ~~Re-~~ ~~cording~~ notifications relating to acquisitions of lands and Notifications by Heads of Departments,-The Secretaries to Government and the Heads of Departments ~~may~~ may be requested to exercise their discretion while sending matter for publication in the Gazette as to which classes of notifications, advertisements, etc., can be omitted from publication in the Gazette without infringing the law or causing inconvenience to the public. For example, the notifications such as those regarding-

(1) awarding of scholarships

(2) list of motor vehicles registered

(3) appointment of Dharmadarsies to Muzrai institutions etc.

need not be published in the Gazette. In some instances such as those mentioned below*, only abstracts of the notifications may be published, the public being referred to the offices concerned for further particulars if desired. In such cases the Departments may get some more spare copies of the notifications printed for their use instead of having them printed in all the copies of the Gazette-

* Notifications regarding-(1) the sale of the right of collecting tolls at the toll gates (2) the holding of cattle shows and fairs and (3) right to collect fees on cattle and shops and manure at Jatras.

(iv) In the case of notifications relating to acquisitions of lands, it is suggested that they may be published in a narrative form instead of in the form of a

NOTE-Contd.

Serial No.

statement as at present (vide Flag D1 for sample). This will effect considerable savings in space in the Gazette. The Superintendent, Government Press may print the required number of these forms and supply them to the Officers concerned.

Part VI.- Public advertisements.-

(6) In the case of the Stores Purchase Committee advertisements, instructions have been issued in Government letter No.G.7915/G.M.86-41-1 dated 27th January 1942 that only short notices may be arranged to be published in the Gazette requiring the intending tenderers to obtain details of the requirements on application, instead of publishing the same in extenso, and that weekly statements of orders placed by the Stores Purchase Committee may continue to be published as usual, to avoid frequent enquiries from firms and their representatives, as to the decisions taken by the Committee on the tenders. As regards the advertisements sent by the C.R.B., it is approved by the Dewan on the C.R.B. file that they may be continued as at present, as only such of the matter as is required under the existing rules of recruitment is being published in the Gazette.

(7) The Superintendent has sent up proposals to change the size of types and ~~and form of the~~ format of the Gazette, etc., as detailed in para 2 of his letter dated 20th January 1942 (P.U.D.II). He states that, if these proposals are approved, there will be considerable savings in the quantity of paper required for printing the Gazette (about Rs. 2,500 as per prewar rates or Rs.5,625 as per existing rates) and about Rs.700 per year under printing and binding, etc. He

further states that no demand for purchasing new types will be made consequent on the proposed changes, as the existing types and type-casting equipment in the Government Press can be made use of for this purpose.

(30) These proposals have been generally agreed to by the members of the Press Committee and may be approved the details of actual printing work (such as the point of types to be used, the use of double columns, the format etc.) being left to the discretion of the Superintendent.

(31) The question whether the Gazette may not be converted into a fortnightly issue was carefully considered; and in the light of the circumstances explained by the Superintendent in his U.O. note dated 23rd January 1942 (vide Paras 14-16 above) with which we are in agreement, it was considered unnecessary to change it from a weekly to a fortnightly issue. This may be approved.

(32) The question of the continuance or otherwise of printing the weekly volumes of the G.R.S., was also incidentally examined in this connection. As most of the matter that goes to the weekly volumes appears in the monthly volumes, the printing of the weekly volumes, ~~the printing of the weekly volumes~~ may be discontinued, without causing any inconvenience.

3) Notifications issued from the L.S.G.Branch of the Secretariat and published in Part III-3 of the Gazette are required to be so published under the several L.S.G.enactments, the rules and bye-laws framed thereunder, ~~as~~ They will however be scrutinized carefully before publication.

4) In regard to acquisitions, the forms (preliminary and final) are prescribed in the appendices in the form of ~~a~~ statement under the rules issued under the Land Acquisition Act. They may be published in narrative form as suggested. Necessary instructions will be issued to the Deputy Commissioners of Districts and other officers concerned to send them up in a narrative form for publication in the Gazette.

5) With regard to the publication of the notice of the sale of the right of collecting tolls in Municipalities, it may be said that, in very many cases, the collection is done on an Ahâni basis now. In other cases there is no provision in the rules for the publication of the notice in the Gazette. As the sale will be of local interest, it would be sufficient as suggested, to publish a short notice, the officers concerned being required to furnish further particulars to the public on requisition received by them.

6) In regard to State Fund tolls, action has to be taken under the Road Traffic & Taxes Act. The Traffic Board may have to be consulted.

7) About the holding of Cattle Shows, there is provision under the rules to publish only a short notice thereof in the Mysore Gazette. No details are required to be published. This may be continued

B/ I have no objection to publication among probable contractors of the issue of abstract notices only in the Gazette. R.C may be consulted about this.

45 I am in full agreement with the opinion expressed by the Minister for Law at B on page 10 (Para 36) of the note. It is enough if an abstract notice of sale of the right to levy toll is published in the Gazette, the public being referred to the respective District Offices for details. But I think it necessary to continue the printing of the notice of sale issued by this office in extenso once a year in respect of all contract toll-gates to be printed separately for wide publication within the District concerned and among intending bidders and for being supplied to such of them as apply for it.

INSURE

IN THE

Mysore Government Life Insurance.

PUBLIC BRANCH.

(Last Bonus Declared Rs. 20 per thousand per annum.)

Life Insurance is admittedly the best form of investment and the greatest safeguard against old age and death.

The best, safest, cheapest, most profitable and most convenient place for insurance is the Public Branch of the Mysore Government Life Insurance.

Policies are issued from Rs. 100 to Rs. 15,000 and copies of rules and forms of application can be had from all Government Treasuries, Helpers and the Insurance Office, "Government Life Insurance Office Buildings," Bangalore.

Ensure a steady income for your old age or for your dependents by investing your funds under the Mysore Government Income Policy Scheme

TREASURY CASH ORDERS

Facilities have been created for the public remitting money from place to place through Government Treasuries. For particulars, apply to any Government Treasury or to the undersigned.

M. VIRARAJA URS,
Comptroller.

FIVE YEARS FIXED DEPOSITS IN GOVERNMENT SAVINGS BANKS

All Mysore Government Treasuries have been authorised to receive Fixed Deposits for Five Years carrying interest at $2\frac{3}{4}$ per cent per annum. The interest is payable half-yearly and is exempt from income-tax. These deposits constitute a very attractive form of investment. Intending depositors may get full particulars on application at any Mysore Government Treasury, or to the Comptroller, Mysore Government, Bangalore.

M. VIRARAJA URS,
Comptroller.

MYSORE GOVERNMENT SAVINGS CERTIFICATES

All Government Treasuries are authorised to issue five years Savings Certificates. For every sum of Rs. 8-11-0 paid into the Treasury a sum of Rs. 10 will be repaid at the end of five years, yielding a profit of Rs. 1-5-0 which works out to compound interest at 2-13-0 per cent.

Repayment will be made earlier, if so desired by the investor, but the amount repayable will be less and in accordance with a sliding scale.

These certificates offer a convenient and valuable method of investing one's savings ensuring good interest free of income-tax and repayment at any time at the holder's option.

Further particulars can be obtained from the Comptroller, Mysore Government, Bangalore, or any Government Treasury.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Concessions to Candidates with War Service seeking Civil Employment after the War.

ORDER No. W. 1103-1172—W. 124-40-3, DATED BANGALORE, THE 8TH DECEMBER 1941.

Government have had under consideration the measures to be adopted to ensure that the services of all who desire to assist in the prosecution of the war should be utilised to the fullest extent. There are reasons to believe that young men who are suitable for Emergency Commissions, etc., may hesitate to apply for such appointments in view of the risk of their losing permanently their chances of civil employment after the war is over. Government consider it desirable to remove these misapprehensions and to take steps to ensure that persons who volunteer for service in connection with the prosecution of the war should not be at a disadvantage in the matter of obtaining civil employment under the Government after the war, as compared with those who did not enrol for war service. Government are accordingly pleased to direct that the following arrangement be adopted and concessions shown to candidates with war service seeking civil employment after the war:—

(*i*) Twenty per cent of all substantive vacancies (in Classes I and II) to be filled either by promotion or by direct recruitment (arising on or after 1st November 1941) will not be permanently filled up so that these vacancies may be available for the absorption after the war, of suitable candidates with war service.

These vacancies will, in the meantime, be temporarily filled up for the conduct of work, subject to termination, when required. Brahmin candidates will generally be absorbed in promotion and general vacancies and candidates of the backward communities in special vacancies.

(*ii*) Minimum educational qualifications, as prescribed in the existing recruitment rules, will be generally insisted upon. In special cases, relaxation to the extent necessary and desirable will be shown at the discretion of Government, provided the candidate possesses the requisite experience and knowledge for the efficient discharge of the duties of the office to which he may be appointed. In making the appointment, due consideration will be given to a certificate of good service from the Military Commander of the unit or units in which the candidate has served.

(*iii*) In respect of the rules laying down age limits for entrance to Government service, a candidate who has rendered war service will be permitted to deduct the period of war service from his age.

(*iv*) Appointments will be subject to the usual medical examination for physical fitness for the service concerned.

2. For the purpose of these concessions, the following kinds of service will be deemed to be war service :—

(*a*) service of any kind abroad with a mobilised unit ;

(*b*) service in India under Military Munitions or Stores authorities and service in a factory notified under section 4 (1) of the National Service (Technical Personnel) Ordinance II of 1940, in all cases with liability to serve abroad when required;

(*c*) a period of training with a Military unit with liability to serve abroad when required ; and

(*d*) valuable service rendered to the fighting forces in other ways, *e.g.*, by way of recruiting.

Preference will be given in the order indicated.

3. The concessions hereby announced will be subject to the general reservation that they—

(i) are consistent with the public interest ;

(ii) are fair to those persons already in Government service who have no opportunity of rendering war service ; and

(iii) do not involve the appointment of anyone to a post the duties of which he is not competent to perform.

Chief Secretary to Government.

Correspondence ending with letter No. A1—3973-352 of 39-40, dated 8th October 1941, from the Director of Public Instruction in the matter of the revision of scales of pay of Pandits and Moulvis in the High School Cadre.

ORDER NO. E. 2157-8—EDN. 213-39-7, DATED BANGALORE, THE 29TH NOVEMBER 1941.

The question of the revision of the scales of pay of Pandits and Moulvis in the High School Cadre is under consideration of Government for some time past. The need for revising the scales is being urged by the Mysore State Vidyasala Pandita Mandala, Bangalore City. The Director of Public Instruction also considers it necessary and has submitted proposals as noted in the margin, involving an extra average cost of Rs. 7,134⅜ per annum.

Correspondence ending with letter No. 2-46, dated 23rd September 1941, from the Director of Geology, submitting the Administration Report of the Department of Geology for the year 1940-41.

ORDER No. A. F. 2676-2749—GEOL. 36-41-4, DATED BANGALORE, THE 5TH DECEMBER 1941.

Recorded.

2. During the year under report the difficulty of arranging shipments continued to exist, as a result of which there was a large decrease in the output and removal of chromite and there was no activity on any of the manganese blocks. However, the mining activities in respect of many of the non-metallic minerals were vigorous and the outputs of graphite, limestone, magnesite, felspar, quartz, kaolin and fireclay were larger than in the previous year. The total number of mining leases, licenses and certificates of approval for gold, chromite, kaolin, copper, etc., current during the year was 154 (151), covering an area about 47,123 acres (59,280).

The total demand during the year for the mining and other revenue of the Department excluding royalty on gold and silver was Rs. 56,441 and the total collection was Rs. 56,536 including the excess recovery of Rs. 115.

3. *Mining Operations.*—The Department continued to mine and supply the various raw materials required by Government and other industrial concerns. There was no actual mining of the ore bodies at the Byrapur and Talur Chrome Mines.

The total value of minerals (other than gold and silver) produced during the year, from the different sources was about Rs. 5,44,000. Of this, the value of minerals produced, mainly for export purposes, was estimated to be Rs. 1,90,000 (Rs. 3,35,000) and the value of the minerals utilised in local industries was about Rs. 3,54,000 (Rs. 3,77,000). The total estimated value of the minerals supplied by the Department to the Government industrial concerns was about Rs. 62,000. The Mysore Iron and Steel Works mined 54,517 tons of iron ore, 679 tons of manganese ore, 32,107 tons of limestone, 2,300 tons of dolomite and 405 tons of Bageshpur kaolin.

4. *Prospecting Work.*—(*a*) Intensive underground prospecting work on the gold bearing quartz reefs in the Kudurekonda and Palavanahalli areas, Honnali Taluk was taken up in December 1940 and the work is progressing. Samples of

quartz from the reefs exposed in some of the trenches were assayed to determine the gold contents. Washing operations for alluvial gold were also conducted in conjunction with the underground prospecting operations and four tolas of gold were obtained.

(*b*) Prospecting for beryl was taken up at Yediyur Village, Bangalore Taluk, and it was found that coarse crystals of pale bluish green beryl occur sparsely, imbedded in a quartz vein which grades into a coarse decomposed felspathic pegmatite. The work will be continued.

(*c*) Large scale mining and washing operations for kaolin were undertaken at three places in Narasimharajapura and Tirthahalli Taluks for supply of levigated kaolin to the Mysore Paper Mills.

(*d*) Further prospecting for kyanite in Holenarsipur Taluk showed the existence of about 1,000 tons of the mineral at the place.

(*e*) The existence of pyrites sporadically in the granitic gneiss and quartz veins in a quarry situated within the limits of Balahalli Village, Kolar District, was found out. But this cannot be profitably exploited.

5. *Mineral Survey.*—(*a*) An area of about 500 square miles in Sagar and Sorab Taluks was explored for ascertaining if there were any workable deposits of bauxite. In the course of the above survey, some patches of bauxitic laterite were found in the neighbourhood of Sagar and some large deposits of good grade kaolin were located, some of which are within a mile from Avinahalli, seven miles from Sagar and some within a mile from the Anandapuram Railway Station.

(*b*) Several reefs of pegmatite carrying large crystals of felspar were located near Gulganjihalli and the felspar so found appears to be suitable for the manufacture of electrical porcelain.

(*c*) An area of 50 square miles in the neighbourhood of Dodbylakere Village near Huliyur was examined for lime kankar and limestone and the result disclosed the existence of a large deposit of high grade kankary limestone in the area, but this limestone is not suitable for use in the Sugar Factory at Mandya and the Mysore Paper Mills.

(*d*) An area of about 100 square miles in the Malebennur-Sulekere region was examined to find out if there were any workable spreads of nodular felsite which might be substituted for pebbles of flint used in Ball Mills, but no large quantity of loose pebbles was found.

6. *Geophysical Survey.*—(*a*) In continuation of the area surveyed in the previous year, an area of about 280 acres was surveyed at Guddadarangavvanahalli, Chitaldrug District, and the area did not show any indications of the existence of important ore bodies. The survey indicated the occurrence of water table in this zone at a depth of 100 feet from the surface.

(*b*) An area of about 100 acres near Palavanahalli and Ganjiganahalli Villages, Honnali Taluk, was surveyed for locating quartz veins hidden beneath the thick soil and the survey indicated the probable occurrence of quartz reefs at several spots.

7. *Geological Survey.*—An area of about 600 square miles of land in the State was geologically surveyed during the year and much useful information was gained.

8. In continuation of the geological investigations of the previous year, for the selection of suitable sites for the generating station of the Jog Falls Hydro-Electric Project, the alignment of the channel line for the generating station was examined in detail.

9. *Special Schemes.*—Investigations on Bichromate production, preparation of magnesia, alumina, cement-asbestos sheets and pipes, kyanite-sillimanite bricks and graphite crucibles from the locally available raw materials were conducted. As a result of investigations conducted for the manufacture of permanganate from manganese ores, a scheme was drawn up and was considered by the Industrial Research Board. Abrasive papers and clothes from corundum, tourmaline and quartz were prepared and some of these are said to be fairly good. Further investigation is under progress.

10. The work of the Department continued to be satisfactory.

Secretary to Government,
Development Department.

Purchase of Indian Defence Savings Stamps and Cards for sale.

READ—

Letter No. W. R. F. 2976, dated the 13th May 1941, from the Secretary, the Mysore War Fund Committee, requesting that arrangements may be made for the supply of Indian Defence Savings Stamps and Cards to important offices and banks for sale.

ORDER NO. FL. 3368-427 G. F. 319-40-4, DATED BANGALORE, THE 4—5TH DECEMBER 1941.

Government are pleased to authorise the Comptroller to purchase Indian Defence Savings stamps up to Rs. 3,000 (Rupees three thousand only) in convenient instalments with reference to probable demands, from the Postal Department, for distribution among important offices and banks in the State for sale, subject to the condition that on no account a refund of the value of stamps once sold should be allowed to the purchasers. The advance may be charged to "Objection Book Advances" and the sale proceeds of the stamps credited to the same head.

2. The Comptroller is requested to issue necessary instructions for the maintenance of stock accounts and for the proper accounting of the sale proceeds of the stamps.

3. The Postal Department has agreed to supply the State with the number of Defence Savings cards required and also to refund to the State the value of the unsold Defence Savings Stamps when the scheme is discontinued. Prompt and timely action should be taken for the return of the unsold stamps to the Postal Department.

Orders by the Government of His Highness the Maharaja under the provisions of Rule 170 of the Legislative Council Rules, 1940, in respect of L. C. E. Mis. No. 5 of 40-41, on the file of the Election Commissioner :—

Whereas Messrs. H. M. Siddaramiah, Advocate, Davangere and A. Bhimappa Naik, Pleader, Chitaldrug, were declared by the Returning Officer, under Clause (b) of Rule 125 of the Legislative Council Rules, 1940, to have been duly elected as members of the Legislative Council from the Chitaldrug District General Rural Constituency;

And whereas an election petition was duly presented to Government under Clause (a) of Rule (1) of Rule 152 of the aforesaid rules by Mr. K. T. Vasudeva Reddy, a candidate for the said constituency;

And whereas the Government of His Highness the Maharaja, in exercise of the powers conferred by the provisions of Sub-rule (1) of Rule 157 of the Legislative Council Rules, 1940, by Notification No. 3834—C. B. 161-40-10, dated 16th April 1941, appointed Mr. C. Narayanaswamy Naidu, B.A., B.L., for the trial of election petitions and by Notification No. Rl. 3478—R. A. 113-40-3, dated 18th April 1941, transferred this petition to the said Commissioner for a report in accordance with the provisions of Rule 167 of the aforesaid rules;

And whereas the said Election Commissioner reported on the said petition that the election of Mr. H. M. TUMKUR DISTRICT.

Notification No. J. C. 82—41-42, *dated* 1*st December* 1941.

Whereas it is reported by the Amildar of Chiknaikanhalli Taluk, that plague prevails in the villages round about Kuppur and that it is likely to spread to other places in case the Kuppur Jatra is allowed to be held as usual, I, in virtue of the powers vested in me under Section 42 (1) of the Mysore Police Act, hereby direct that the Jatra to be held at Kuppur on the 3rd December 1941, be closed, and that persons attending the Jatra in contravention to this notification be sent back or dealt with if necessary under the law.

This will not however affect the celebration of religious ceremonies as are absolutely necessary and do not involve large congregation of persons.

...of the public that the following time barred inal Records filed in the records of the District Magistrate's Office, are marked out for uction and that all Exhibits filed in them will unless previously claimed, be destroyed the expiration of thsee months from the date of this notification.

REVENUE DEPARTMENT

PROCLAMATION AND NOTIFICATION OF SALE OF IMMOVABLE PROPERTIES.

It is hereby notified that in satisfaction of land revenue due by the defaulters, the undermentioned immovable properties will be sold by public auction as shown below :—

1. The sale will commence at 11 A.M. and the properties will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchasers on the properties (for the whole or remainder as the case may be) is as detailed in the schedule.

3. Purchasers will be requested to deposit twenty-five per cent of the puchase money at the time of the sale and where the remainder of the purchase money may not be paid within fifteen days from the date of the sale, the money so deposited shall be liable for forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up the property shall be resold at the expense and risk of the first purchaser.

5. The sale shall be stayed if the defaulters or any person acting on their behalf, or claiming an interest in the property, tender the full amount of the arrears of the revenue with the interest and other charges provided such tender be made before the property is knocked down.

6. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner or by some other officer duly authorised to confirm the same.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the names of the purchasers, and certificates of sale signed and sealed by the Deputy Commissioner will be granted to them. It is distinctly understood that the Government are not responsible for errors of description and in estimated extent.

8. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within thirty days from the date of sale and also to appeal to the higher authorities against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

2. The sale will ordinarily become absolute when confirmed by the Deputy Commissioner who reserves the power of refusing or accepting without assigning any reason hatever the highest or any bid that may be offered. It is, however, open to Government. proper cases, to revise the said order confirming the sale.

3. The successful tenderer shall, within fifteen days of receipt of intimation confirmation of the sale in his favour, execute an agreement in the prescribed rm on a duly stamped paper binding himself and his heirs to observe the conditions thereinter set forth and to be subject to the penalties, forfeitures and liabilities referred to there- and when he does not hold property in Mysore, shall furnish at least two sureties who wn sufficient property in the Mysore State for the due performance of the contract and if e is non-resident foreigner, he shall also agree to submit himself to the jurisdiction of the ivil Courts in Mysore and to be bound by any decree *ex parte* or otherwise that may be ıssed against him by such Courts for any sums due in respect of the contract amount.

4. The contract shall not be transferred by sale, gift or otherwise or sub-lease without ıe previous sanction of the Deputy Commissioner.

5. The contract amount shall be paid in full on the date of sale. The contractor shall so pay along with the instalments the authorised local, railway and educational cesses, if ıy, at the prescribed rates.

6. Fees recovered from persons compounding the payment of toll at any one toll-gate ı accordance with Section 21 of the Road Traffic and Taxes Act and Rules made thereunder ıall be kept at the credit of the contractor and adjusted towards the last instalment or ıstalments, as the case may be. The contractor shall not be entitled to any share of any ɔmposition fee other than that so levied under Section 21 of the Act in respect of the gate f which he holds the contract and, in case the contract is for a shorter period than a year, roportionately for the period for which he holds it.

7. The contractor shall collect tolls only at the rates specified in Schedule 'B' and at he toll-gates and on traffic specified in Schedule 'A.'

8. The contractor shall give to the person paying a toll a proper receipt showing the ate and hour of payment of toll. It shall be obligatory on the part of the contractor to urchase at the price fixed the standard form of Receipt Books which has been prescribed nd printed for the purpose and printed at the Government Press.

9. The contractor shall keep at the toll-gate true accounts of the daily collections and f the traffic passing through the toll-gate in such form as the Deputy Commissioner or the Traffic Board may prescribe. These accounts shall be open to the inspection of the Deputy ommissioner, the Sub-Divisional Assistant Commissioner, the Amildars, and such other officers f the Traffic Board as may be authorised by the Traffic Board in this behalf. He shall, if equired by the Deputy Commissioner, furnish to the Taluk Office or to the Office of the Board at the end of every month a true return for the month showing the traffic passing hrough the gate in the prescribed form.

10. The contractor will have the use of the existing toll-house and gate, if any, without ayment of any rent and he should keep them in good repair, failing which the cost of repair vill be recovered from the contractor.

11. The contractor shall not be entitled to any remission of the contract amount or to ny compensation on account of the seasonal conditions or of exemptions from payment of tolls r reduction or modification in the rate made by Government in exercise of powers under Section 22 of the Road Traffic and Taxes Act or any other cause whatsoever.

12. The contractor and his employees shall always behave courteously towards the travelling public and shall not harass them or give them trouble of any kind and the contractor shall maintain at the toll-gate a book wherein travellers may record complaints and forward true extracts thereof once a week to the Amildar.

13. The contractor or his employees while on duty at the toll-gates shall appear in clean dress or in any uniform which the Board may prescribe.

14. The contractor shall arrange for a clear red light such as may be prescribed by the Board to be put up on the gates during the nights to give adequate warning to approaching vehicles.

15. The contractor shall conform generally to the provisions of the Road Traffic and Taxes Act and of the Rules, orders and notices, etc., issued thereunder. He shall recognise all exemptions made by the statute or rules in force for the time being. He shall pay special attention to the points mentioned in Schedule " C ".

16. Any breach of the above conditions or rules on the part of the contractor or his servants will entail forfeiture of the deposit or the levy of a fine not exceeding Rs. 50 for each infringement. If the fine be not paid or in the event of instalments or other sums due not being paid within the prescribed date, it shall be competent to the Deputy Commissioner to suspend the further collection of toll by the contractor and dispose of the right to collect the toll during the remaining period by a resale or otherwise. The resale will be held at the risk of the defaulting contractor who shall be liable to make good all losses accruing but shall not be entitled to any profits arising from the resale.

Note.—The Sub-Divisional Assistant Commissioners and the Officers of the Traffic Board authorised by a notification of the Board in this behalf are also empowered to punish the contractor or his servants for any breach of the above conditions or rules either by the levy of a fine or forfeiture of the deposit. But the power to suspend the collection of toll as well as the right to order its resale shall be reserved to the Deputy Commissioner.

17. The imposition of fine or resale of the contract shall be no bar to the prosecution of the contractor or his employees for any offence or to the institution of other legal steps against them under any law in force for the time being.

18. Bidders shall abide by the conditions of the sale set out below, which shall be deemed to form part of the Notification.

Conditions of the sale.

1. Persons intending to bid at the sale must attend in person or by a duly accredited agent.

2. The amount by which the bidding is to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount of the bid or as to the bidder, the right to collect tolls at the toll-gate concerned shall at once again be put up to auction.

3. The officer conducting the sale shall not be bound to accept all bids as a matter of course. It shall be in his discretion to decline the acceptance of the highest bid or any bid whatever.

4. It shall be in the discretion of the officer conducting the sale to adjourn it to a date and hour specified by him.

Rules relating to Levy of Tolls on State Fund and District Fund Roads and Bridges.

1. The collection of tolls may be made by such officers of Government as may be appointed for the purpose or by such other persons as may be selected by Government in such manner as they deem fit.

2. A table showing in English and Kannada the tolls authorised to be levied shall be put up in a conspicuous place near the toll-gate.

3. At every toll-bar, gate or station, there shall be issued to the person paying the toll a receipt in the prescribed form showing the date and hour of payment of toll.

4. No more than one toll shall be levied at any one toll-bar, gate or station in respect of any vehicle in any one period of 24 hours.

Note to Rule 4.—Provided that in those cases in which such vehicle when it subsequently passes the toll-bar, gate or station within the said 24 hours becomes liable, except for this rule, to a higher rate of toll than that already paid, the

difference between the higher rate of toll that is thus due and the toll already paid shall be payable.

5. No toll shall be levied at a frontier toll-gate in Mysore on any vehicle passing the gate if within a period of 24 hours, a toll has been collected thereon at a British toll-gate in respect of which reciprocity has been obtained in consultation with the British authorities.

General Rules applicable to Composition of Tolls under Sections 20 and 21 of the Road Traffic and Taxes Act.

6. Any person desirous of compounding for tolls shall present to the officers empowered on this behalf an application in the prescribed form giving particulars of the vehicle in respect of which and the period for which he wishes to compound.

7. The said officer shall, on receipt of the composition fee fixed by Government issue to the person the appropriate token.

8. This token shall be in the form fixed by Government from time to time and shall show in a prominent manner the quarter or the year for which it is current.

9. Such tokens shall always be available for inspection at the toll-gate concerned. In the absence of this token, it shall be open to the authorities of the toll-gate to levy and collect the prescribed tolls on the vehicle. Toll so recovered shall not be liable to refund on the presentation of the token of composition later.

10. No refund on the composition fee or part thereof shall be granted if the vehicle in respect of which the fee is paid ceases to be in use during the whole or any part of the year or quarter, as the case may be.

11. Each token has reference to the particular vehicle specified therein and shall not be used in respect of any other vehicle.

Rules for the General Composition of Tolls under Section 20 of the Road Traffic and Taxes Act.

12. Any person may, in respect of the classes of motor vehicles specified below, compound for all tolls other than those specified in Rule 13, by the payment of a composition fee at rates prescribed by Government from time to time :—

(i) Motor Cycles.
(ii) Motor Cars.
(iii) Motor Cabs.

12. The composition shall be for periods of a quarter or of a year.

14. The vehicle shall, on production of the token by the owner or the person in charge thereof, be exempt from tolls levied by Government or a Municipal Council at all toll-gates other than those specified below, namely :—

(1) Toll-gates established on roads and bridges specified in Schedule V of the Road Traffic and Taxes Act.

(i) Toll-gates to be established on roads and bridges to be constructed after the Act comes into force for the recovery of the capital spent on such roads or bridges (*Vide* Section 20 of the Road Traffic and Taxes Act).

Rules for the Composition of Tolls in respect of a single Toll-bar under .... the Road Traffic and Taxes Act.

15. *Rules applicable to all classes of vehicles.*—The composition allowed shall not apply in respect of the following toll-bars, *viz* :—

(i) Frontier toll-bars.
(ii) The Toll-bar on the Dam across the Cauvery at Krishnarajsagar.

16. The composition of tolls shall apply only in respect of the classes of vehicles specified in Section 21 of the Road Traffic and Taxes Act and subject to the conditions specified therein.

17. The composition fee is annual and shall be paid for the official year and in advance. The same rates as for the whole year shall be paid even for parts of the official year.

Note.—This rule shall not apply to composition for the half-year commencing with the 1st January 1936. For this period, the composition may be effected for the half-year at half the rates fixed for the year.

18. *Rule applicable to carts drawn by a single bullock or two bullocks.*—Every person who wishes to compound for tolls in respect of his bullock-cart at any one toll-gate at which

such composition is allowed, shall present a written application in the form prescribed for the purpose to the Amildar of the Taluk or the Deputy Commissioner of the District, as the case may be. He shall further produce the vehicle before the said officer.

19. On collection of the necessary composition fee, the said officer shall have the distinctive mark prescribed for the purpose impressed on the cart with a stamping hammer in such manner as is fixed in Rule 19 below. He shall also issue a token specifying the gate at which and the year for which the token is in force.

20. The mark prescribed in the foregoing rule shall be impressed on the yoke-rod in front of the cart prominently so that it can be easily seen at the toll-gate.

21. The authorities of the toll-gate shall examine both the token and the mark stamped on the vehicle and satisfy themselves that no toll is due before allowing the cart to pass without tolls.

B. RAJIVALOCHANAM,
Secretary.

OFFICE OF THE DISTRICT EDUCATIONAL OFFICER, TUMKUR.

Notification No. D2. 9-10—41-42, dated 27th November 1941.

Subject to the usual conditions of satisfactory progress, good conduct and regular attendance at school, the following students of the Depressed Class studying in Middle and Upper Primary Schools (V & VI Year Classes only) have been awarded the scholarship of the value noted against their names for a period of ten months from 1st May 1941, the date of re-opening of the school after summer holidays or from the date of candidates' joining the school, whichever is later till the end of February 1942.

The scholarships are awarded on the distinct understanding that as indicated in the respective applications, the students who have been awarded scholarships at the full rate were successful at the last annual examination or Government Examination as the case may be. If however, any failed student has been awarded at full rate the Head of the Institution concerned is requested to withhold the scholarship and report the fact to this office for further action.

Heads of Institutions concerned shall, as usual, draw and disburse the scholarships to the scholarship-holders after taking due acknowledgment receipt from them. If any scholarships are withheld for unsatisfactory progress, etc., the fact should be intimated to this office immediately.

In the case of pupils who are in the same class for the second year, payment of scholarships should be made at 2/3 (two-thirds) of the sanctioned rate. A pupil who has failed twice in the same class is not entitled to any scholarship.

Heads of Institutions may kindly intimate the awards to the parents of the concerned students.

OFFICE OF THE SECRETARY, DISTRICT *AD HOC* MUSLIM SCHOLARSHIP COMMITTEE, MYSORE DISTRICT, MAHARAJA'S HIGH SCHOOL, MYSORE.

Notification No. S. 19 *of* 41-42, *dated* 3*rd December* 1941.

Subject to the usual conditions of satisfactory progress, good conduct and regular attendance at school and also to the general condition that a scholar shall not hold more than one scholarship at a time, the undermentioned muslim girls studying in the Central Urdu Girls' Middle School, Mysore, are awarded the Muslim Girls' Scholarship of the IV Grade of the value noted against each. The scholarships are tenable in the school referred to for a period of ten months from the date of re-opening day of the school after the summer vacation of April 1941 or from the scholar's joining the school if this date is later, till 1st March 1942.

The scholarships have been awarded on the distinct understanding that the students concerned were successful at the last annual examination. If, however, any student that had failed has been awarded a scholarship, the Head of the Institution concerned is requested to withhold the scholarship and report the fact to this office *immediately* for further action.

The Head of the Institution may, as usual, draw and disburse the scholarships to the scholars concerned in the manner prescribed.

DODBALLAPUR SUB-DIVISION.

*Notification No. A*2. 375—41-42, *dated* 18*th November* 1941.

The right to collect fees on cattle and shops and to collect manure in Government lands at the ensuing Jatra of Sri Gangadhareswaraswami at Sivaganga, Nelamangala Taluk, for the year 1941-42, will be sold by public auction by the Sub-Division Officer, Dodballapur Sub-Division, or other officer deputed for the purpose by the Deputy Commissioner, at Nelamangala Taluk Office, on 19th December 1941.

Persons intending to bid at the sale must attend in person or by a duly constituted agent.

The sale will be subject to the following conditions :—

1. The purchaser of the contract shall collect fees at the rate at one anna per every head of cattle and on shops at the rates specified in the schedule appended hereto.

2. The fees may be collected at the following Ookads :—

1. Near hand post in Saradavillas Road
2. Near Maharnavami Mantap
3. Road near Maitraya Thirtha
4. Near Puttiah's well
5. Near Ganapathi Temple
6. Near Pattadadevarapalya, Dobspet-Sivaganga Road.

3. For every item collected, the contractor will be required to issue a ticket in the form approved by the Sub-Division Officer. The contractor shall make his own arrangements to provide himself with a sufficient number of ticket books with counterfoils and these books should be made available for inspection by any officer on Jatra duty not below the rank of a Revenue Inspector.

4. The person, whose bid is (finally accepted) highest, should deposit one-fourth of the amount at once. In default in payment of the deposit immediately after the close of the sale, a resale will be conducted and he will be made responsible for any loss by such resale but will not be entitled to any increase that may result by such resale. The rest of the money should be paid to the treasury within seven days after the sale and if the seventh day is a General Holiday, within the next working day, failing which a re-auction will be held at the risk of the bidder. Deposit made by him or such portion as the Deputy Commissioner thinks fit shall be forfeited to Government.

5. The sale will be subject to the confirmation by the Deputy Commissioner.

6. An appeal against the Deputy Commissioner's order confirming the sale will be to the Muzrai Commissioner within fifteen days after the sale is confirmed by the Deputy Commissioner.

7. The sale conducting officer is not bound to accept any bid offered after the close of the sale.

8. The sale purchaser of the manure will have no right to collect manure in Hiduvali lands.

9. The contractor should deposit 300 tickets with the Amildar for distribution among devotees who bring things in carts for charitable purposes as "Aravattige", etc., and to raiyats who repair the temple and render services in the temple during Jatra.

10. The contractor shall not be entitled to any remission of the contract amount or to any compensation on account of any cause whatever.

11. The contractor should make his own arrangements for collection work.

12. The contractor and his employees shall always behave courteously towards the public and shall not harass them or give them trouble of any kind.

13. In case of dispute about the classification of shops, the decision of the Amildar will be final.

14. The Jatra begins from 14th January 1942.

(*a*) by sub-rule 2 of Rule 81 of the Defence of India Rules as applied to Mysore, to provide for controlling the prices at which articles may be sold and for any matters incidental and supplementary thereto ; and

(*b*) by Rule 83 of the said Rules, to require information relating to any article or prohibit the disposal of any article ;

shall be exercisable also by any officer who is appointed to exercise the powers of the Machine Tool Controller under the Machine Tool Control Order, 1941, in respect of any article which is a scheduled Machine Tool for the purposes of the said Order.

No. T. 2459—*R. T.* 24-41-4, *dated Bangalore, the 9th December* 1941.

The following draft amendment to Rule 13 (2) of the Mysore Motor Vehicles Rules, 1924, issued with Notification No. P. 3015—Legis. 21-22-10, dated 12th December 1924, as amended from time to time, which the Government propose to make in virtue of the powers vested in them under Section 11 of the Mysore Motor Vehicles Act, 1928, is hereby published for the information of persons likely to be affected thereby and any objection or suggestion

received on or before the 1st January 1942, in respect of the said draft will be considered by Government :—

Draft Amendment.

Front lamps-Deflection light.

Delete Rule 13 (2) of the said rules and substitute the following :—

"13. (2) (*a*) No lamp showing a light to the front shall be used on any vehicle unless such lamp is so constructed, fitted and maintained that the beam of light emitted therefrom—

(i) is permanently deflected downwards to such an extent that it is at all times incapable of dazzling any person, standing on the same horizontal plane as the vehicle at a greater distance than 25 feet from the lamp, and whose eye-level is not less than 3 feet 6 inches above that plane ; or

(ii) can be deflected downwards or both downwards and to the left by the driver in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid ; or

(iii) can be extinguished by a device which brings into or leaves in operation lights which are deflected downwards or downwards and outwards in such manner as to be incapable of dazzling any person in the circumstances aforesaid.

Exemption.

(*b*) Sub-Rule (*a*) shall not apply to any lamp fitted with an electric bulb, if the power of the bulb does not exceed seven watts and the lamp is fitted with frosted glass or other material which has the effect of diffusing the light.

Dazzling lights—Restriction of.

(*c*) The driver of a motor vehicle shall at all times when the lights of the motor vehicle are in use so manipulate them that danger or undue inconvenience is not caused to any person by dazzle:

Undimmed lamps prohibited in urban areas.

(*d*) Undimmed or undipped head lamps shall not be used on any motor vehicle in any public place in the cities of Bangalore and Mysore and the K. G. F. Sanitary Board-area."

BHADRAVATI DIVISION.

Abstract Notification dated 18th November 1941.

The attention of the public is invited to the detailed notification, regarding the sale of about 1,000 C. ft. of Teak timber at Joldhal Depot (Chennagiri Range), on Monday the 15th December 1941, published on pages 2826-2827, Part VI of the *Mysore Gazette*, dated 27th November 1941.

H. S. RANGACHAR,
District Forest Officer.

KADUR FOREST DIVISION.

Notification dated 6th December 1941.

It is hereby notified for general information that the undermentioned quantities of timber will be sold by public auction under the following conditions at Kadur Depot, by the District Forest Officer, Kadur Division, at 2 P.M. on 29th December 1941.

Name of Depot	Teak	Bite	Honne	Nandi	Matti	Other kinds	Remarks
	C.ft.	C.ft.	C.ft.	C.ft.	C.ft.	C.ft.	
Kadur	300	100	1,500	500	2,000	200	More or less

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale, but defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber in small quantities, full value thereof will be accepted if tendered on the spot and the payment of deposit in such cases will not be insisted upon.

2 Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 1,000 in each case is subject to the confirmation of the Conservator and in other cases, to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter, on account of loss from resale, shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Act. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value, where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the

13608—s.c. 100

original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of the successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of notice of confirmation of the sale, whichever is later. In case of purchases of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th May 1942. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid. Interest at 6¼ per cent per annum will be levied on all arrears of amount permitted to be paid after the due dates.

10. The timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

C. R. IYENGAR,
Executive Engineer.

MYSORE DIVISION.

Notification dated 25th November 1941.

1. Sealed tenders will be received at the office of the Executive Engineer, Mysore Division up to 3 P.M. on 19th December 1941, for constructing a new sluice in place of the existing leaky sluice at the 6th Grade of Honganur Hirekere, Chamarajnagar Taluk.

2. Tenders in the prescribed form obtainable on payment of Re. 0-4-0 per form from the office of the Executive Engineer, Mysore Division, should be addressed to the Executive Engineer Mysore Division, in a sealed cover and superscribed as "Tender for constructing a new sluice' in the place of existing leaky sluice at the 6th Grade of Honganur Hirekere, Chamarajnagar Taluk The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a Treasury Challan for Rs. 210 as earnest money paid to the Treasury to the credit of "17 (a) P. W. Deposits" against the account of the Executive Engineer. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest

4. The tenders will be opened in the presence of such tenderers who wish to be present on the 19th December 1941, at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form for the due fulfilment of the contract and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mysore, on all working days, between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3.

9 The tenderer has to clearly state that he will agree to do the work at so much % less than or so much % more than or at the estimated rates. This should be applied to all the items taken as a whole and not on individual items.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer. will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

13. Rates for non-quoted and non-estimated items shall be as per schedule of rates of the Department or those fixed by the Executive Engineer after working out the data with not more than 8% for contractor's profit. The condition agreed to under (9) above will apply to these also.

14. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

15. The works should be completed and handed over in a tidy condition to the Public Works Department, by the end of May 1942, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 2 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

16. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

17. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

18. The contract should not be sublet.

19. All materials, tools and plant and machinery that will be supplied by the Executive Engineer, in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the stores to the date of return thereto, the dates considered being the dates of acknowledgments of th vouchers in each transaction.

20. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work, and he must take precaution against all risk of accidents and, if necessary, provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

21. Chamundi Brand cement to be used for works requiring this material.

22. Mysore teakwood to be used wherever this material is required.

S. RAMASWAMY,
Executive Engineer.

HASSAN DIVISION.

Notification dated 1st December 1941.

1. Sealed tenders will be received at the office of the Executive Engineer, Hassan Division, up to 5 P. M. on 16th December 1941, for opening a link-road connecting Salagame road with that of Race Course Road with a culvert of 25 pans 4 each across the storm water Halla in Northern Extension, Hassan.

2. Tenders in the prescribed form obtainable at a cost of four annas for each form from the office of the Executive Engineer, Hassan Division, should be addressed to the Executive Engineer, Hassan Division, in a sealed cover and superscribed as "Tender for opening a link-road connecting Salagame road." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a chellan after crediting Rs. 275 to Government Treasury to "17(*a*) P. W. Deposits" (two hundred and seventy-five). The chellan should not be inserted in the cover but must be delivered separately. The earnest money of the successful tenderer willbe retained as security deposit for due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 16th December 1941 at 5 P.M. The final acceptance of the tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above, or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Hassan, on all working days between 11 A.M. and 5 P.M. and may be obtained from the officer on payment of Rs. 3.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer, on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of April 1942, failing which, the Executive Engineer may, at his discretion, levy a penalty of Rs. 10 per day, as liquidated damages for non-fulfilment of contract and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

13501—s. c. 20

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer, in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the stores to the date of return thereto, the dates considered being the dates of acknowledgments of vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer, or his representative. The tendered rates will hold good for any quantity whether higher or lower than those given in the enclosed schedule.

17. The work should be completed and handed over in a tidy condition to the Public Works Department by the end of March 1942, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 10 per day, as liquidated damages for non-fulfilment of contract and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

13503—s. c. 20

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents, and if necessary, provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

MEDICAL DEPARTMENT

DISTRICT HOSPITAL, KOLAR.

Tender Notice dated 5th December 1941.

Notice is hereby given that sealed tenders (in triplicate) on half-sheet foolscapsize paper, will be received at the office of the District Medical Officer, by the District Medical Officer, Kolar, on 5th January 1942, at 10 A.M. for the supply of articles of "Bedding and Clothing" for the use of Sri Narasimharaja Hospital, Kolar, for the year 1941-42, as per details given below.

2. No tender will be received after the date and hour abovementioned.

3. Tenders to be superscribed "Tender for the supply of Bedding and Clothing" to the Sri Narasimharaja Hospital, Kolar, for the year 1941–42.

4. No tender will be received unless accompanied by a deposit of Rs. 75 in Treasury Receipt.

5. Tenders will be opened by the undersigned on the date and at the hour abovementioned in the presence of such of the tenderers as may choose to attend.

6. The rate for each item must be specified in figures as well as in words, and they must be for the particular kind or brand of the articles as specified in the list appended below. The value of each item must be worked out according to the rates tendered and the total value must also be entered in ink both in figures and in words.

7. The quantities stated in the list are not guaranteed.

8. The Senior Surgeon does not bind himself to accept the lowest or any other tender or to assign any reason for not accepting any tender. He may accept one or more items in any one tender without accepting the other item or items.

9. The earnest deposit of the successful tenderer will be retained as security deposit and he shall execute an agreement in the usual form for the due performance of his part of the contract, within three days from the date of his receiving the notice of acceptance of his tender, failing which his deposit will be forfeited to Government. The earnest money deposited by the other tenderers will be returned to them thereafter in due course.

10. The contract must not be sublet.

11. In case the contractor fails to make supply of any articles as required, or in case the contractor ceases to abide by the contract at any time during the currency thereof, he shall forfeit the security money to the Government and also be bound to make good to Government any loss which may arise from such failure or cessation.

12. Supplies are to be made upon indents received from the District Medical Officer according to necessities and articles indented for each time should be supplied within seven days from the date of the receipt of the indents by the contractor and payment for the articles supplied in each month will be made as soon as possible, after the 5th of the following month on his presenting the necessary bill with vouchers.

13. No advance of cash will be made to the contractor.

14. All articles should be according to the hospital samples, which will be available for inspection at the hospital at all office hours and should be of superior quality.

15. Clothing materials should be well shrunk before they are given for stitching.

16. The stitching of clothes should be done in the hospital premises under the direct supervision of the Head Nurse. The clothes should be strictly in accordance with the specifications and the approval of the undersigned should be invariably obtained before they are given for stitching.

17. A fine up to the extent of Rs. 50 will be levied by the undersigned for any infringement of the terms of the contract or for the supply of inferior articles and the contract itself will be annulled and the security confiscated to Government in the case of continued or frequent violation of the terms of the contract, the defaulter being further liable to make good any loss that may result to Government by the annulment. If the contractor thinks that the fine levied in any case is not justifiable, he may appeal to the Senior Surgeon in Mysore, Bangalore, who will have power to fine up to anything.

18. In payments, the contractor must accept the following rules regarding the fraction of a rupee as per orders passed by Government Order No. G. O. Fl. 6246—6314—G. F. 63-40-2, dated the 26th March 1941.

19. Any applications for consideration, regarding the fluctuation of rates, etc., will not be considered.

MYSORE DIVISION.

Notification dated 5th December 1941.

1. Sealed tenders will be received at the Office of the Executive Engineer, Mysore Division, up to 3 P.M. on 19th December 1941, for constructing a Bridge across Beechanahalli Addahal a in 7/5 of Hampapur-Ramanathapur Road.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Mysore Division, should be addressed to the Executive Engineer, Mysore Division, in a sealed cover and superscribed as "Tender for constructing a Bridge across Addahalla at Beechanahalli on 7/5 of Hampapur-Ramanathapur Road." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury challan for Rs. 125 as earnest money paid to the treasury to the credit of "17 (a) P. W. Deposits" against the account of the Executive Engineer. The earnest money of the successful tenderer will be retained as security deposit for due fulfilment of the contract. Such a deposit, in cash, will not carry interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 19th December 1941 at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above, or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mysore Division, on all working days, between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of rupees three.

9. The tenderer has to clearly state that he will agree to do the work at so much per cent less than or so much per cent more than or at the estimates rates. This should be applied to all the items taken as a whole and not on individual items.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

13. Rates for non-quoted and non-estimated items shall be as per schedule of rates of the Department or those fixed by the Executive Engineer after working out the dota with not more than 8 per cent for contractor's profit. The condition agreed to under (9) above will apply to these also.

14. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions, or additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

15. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of.....failing which, the Executive Engineer may, at his discretion, levy a penalty of.. ..per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

16. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

17. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will however be considered on the merits of each case.

18. The contract should not be sublet.

19. All materials, tools, and plant and machinery that will be supplied by the Executive Engineer, in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

20. The contractors should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D: so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

21. Chamundi Brand cement to be used in the construction wherever this material is required.

The Secretary to the Government of His Highness the Maharaja of Mysore.
Public Works, Railway & Elecl.Departs.

To The Secretary,
Stores Purchase Committee,
Bangalore.

Subject:- Re: matter to be published in Part VI of the Gazette.

Sir,

With reference to your U.O.Note dated 20th January 1942 on the above subject, I am directed to state that only short notices may be arranged to be published in the Gazette requiring the intending tende to obtain details of the requirements on application, instead of publishing the same in extenso. The weekly statements of orders placed by the Stores Purchase Committee may be published as usual to avoid frequent enquiries from firms and their representatives, as to the decisions taken by the Committee on the tenders.

I have the honour to be,

Sir,

Your most obedient servant,

C. V. Srinivasa Char

for Secretary to Government,
Public Works, Railway &
Electrical Departments.

Minute dated 29th December 1941 by the Minister for Law.

It is necessary to economise paper and also work in th Press in the present emergency.

The Mysore Gazette contains a lot of matter which is not required to be published in it by Statute.

I would suggest that the Gazette be reduced in size by omitting all non-statutory matter from it, except the Seasc Report and the prices and mortality statements. Part I ma also be omitted as there is a separate publicity Department functioning.

I have noted for the consideration of the Dewan and Minister L.S.G. the issue of 11-12-1941, matter that may be omitted.

A detailed examination may be made by the Secretari concerned as to which classes of Notifications, Advertisem etc., could be omitted without infringing the law or causing inconvenience. In some instances it would seem sufficient to publish an abstract of the notifications etc., referring the public to the offices concerned for further particulars if desired. The question of issuing the Gazette once a fortnight instead of every week may also be considered.

DEVELOPMENT DEPARTMENT

The Secretary to Government,
Development Department, Bangalore.

SIR,

I have the honour to state that a note regarding the typographical changes necessary in printing the Mysore Gazette (both English and Kannada) so as to economise in paper was circulated as a special case among the members of the Press Committee as the same could not be placed before them in their meeting held on 19-11-1941, as the specimen pages in the new style were not ready then. A copy of the note together with one issue of each of the Gazettes of India, Fort St. George (Madras) and Mysore (English and Kannada), the proposed samples of the several parts of the Mysore Gazette and the remarks of the members of the Press Committee generally agreeing to the proposals, are submitted herewith for kind reference and return when done with.

2 As the revised proposals, when given effect to will result in large savings specially in paper, I beg to request early approval of Government for the change in the size of types and format of the Gazette, &c., as noted below:-

(i) to print Part II of English Gazette in double columns in 10 and 7 or 8 points types instead of 11 points as at present;

(ii) to print section 1 of Part III in 10 and 7 or 8 points types in double columns and to publish notifications of acquisitions of properties as a running matter (without any headings) instead of in a statementary form;

(iii) to print sections 2 and 3 of Part III in 10 and 7 or 8 points types in double columns avoiding statements and headings as far as possible by getting the matter from the Department, desiring publication as running matter;

(iv) to print Part IV in Royal octavo size using 10 and 12 points types, for bills to be introduced and acts approved, respectively;

(v) to print Part V and VI in 10 and 7 or 8 points types in double columns replacing as far as possible statements by running matter; and

(vi) to print all parts of Kannada Gazette (except Part IV) in double columns foolscap folio using 10 points type uniformly; to print Part IV in the present size using 10 and 14 points types for bills to be introduced and acts approved, respectively.

3 It is learnt from the Superintendent, Government rinting that no demand for purchasing new types will be aised consequent on the changes, as the existing types and ypecasting equipment in the Press will be made use of for ıe purpose and the format of the Gazette being changed radually as the necessary materials are cast and made vailable.

4 The question of further savings in paper by estricting the matter to be published in the Gazette to ıly such matter as should be published under statutory ecessity, is being examined separately and proposals will e submitted early.

I have the honour to be,
S i r,
Your most obedient servant,

Secretary, 9/1/42
Press Committee.

NOTE:- CERTAIN CHANGES PROPOSED IN THE FORM OF PRINTING THE "MYSORE GAZETTE" TO REDUCE COST.

==========

1) As per existing arrangements, the Mysore Gazette is printed weekly in 6 parts. Each part is printed in differen types according to the nature of the subject to be published therein as detailed below. Besides, the Gazette is printed in single column in each page. In many cases, statements with rulings have to be published. In case of acquisition notifications, much paper and wages are waisted as even in a stray case of acquisition, a statement has to be appended to each notification and published. (vide flags A, A1, A11 and A111.)

ENGLISH		KANNADA	
12 point	Foolscap folio	12 or 10 points	Foolscap fol
11 point	-Do-		
10 & 7 pts.	-Do-		
10 & 7 pts.	-Do-		
12 Point	Royal 8vo.	14 point	Royal 8vo
10 & 7 pts.	Foolscap folio	12 or 10 pts.	Foolscap fol
12,11 & 10 pts.	-Do-		

2) The paper used for printing is rough paper except for part IV which is printed in glazed paper. The same kind of paper is used by the Madras Government.

3) One thousand, six hundred and fifty copies of English and 530 copies of Kannada Gazettes are printed weekly at an approximate annual cost of Rs. 18000 in wages only & Rs 8000 in paper respectively.

4) In view of the prohibitive cost of paper and printing materials, it is considered desirable to reduce the cost of publishing Gazette by reducing the size of printing types or by other means and also by following the method and type of printing used by the Government of India and the Madras Government. One month's issues of Gazettes of each were obtained and type, method, etc., used for their printing were compared with the Mysore Gazette with a view to examine how far the

the Mysore State can follow the method of printing and publishing the Gazette without administrative inconvenience and with available printing materials, i.e., types, etc., and whether such a change if proposed, would result in savings, etc., etc. The result of examination proved that slight changes in size of types used for printing different parts of the Mysore Gazette may be made with other arrangements as detailed below. This will not in any way inconvenience the existing administrative arrangement.

The following are ~~to~~ the suggestions made for kind consideration:-

The Government of India and the Fort St.George Gazette are printed in double columns in each page (except part IV of Fort St.George Gazette) in foolscap half sheet. There seems to be no harm in following the same method in printing the Mysore Gazette.

(a) English Gazette

Part I of the Mysore Gazette corresponds with Part I of the Fort St.George Gazette and the Government of India Gazette. The Mysore Gazette is printed in 12 point types, whereas the other Gazettes in very small type (Lino-types.) The present practice has to be continued as spare copies of important Government orders printed in this part have also to be printed for weekly, and monthly volumes of proceedings. Hence no change is proposed in this part.

Part II This part is printed in 11 point types in a single column. But it may be printed conveniently in double columns in 10 point types. The other Gazettes are printed in small types, i.e., 8 point. As there is no sufficient stock of this kind of types in the Government Press and the change of type to 8 point involves additional expenditure, the matter in this part may be printed in double column in 10 point types instead of 11 point.

Part III. Section I Notification by Government [illegible]

cluding notification of Acquisition of properties.) This
t is printed partly in 11 point and partly in 7 point type
the Madras Gazette this part is printed in 7 or 8 point type
is not possible to reduce the type to 7 or 8 point for want
sufficient quantity of types. The matter may be printed in
and 7 points types in double column. In respect of noti-
:ations of acquisition of properties, it is noticed that a
ıtement showing the details of properties is published with
:h notification irrespective of the number of properties
)posed to be acquired. In Madras, in such cases, the noti-
:ation, matter and details of properties to be acquired are
)lished (without any headings) as running matter in each cas
ide flag "B"). This method may perhaps be followed in the
sore Gazette.

Part III. Section II:- Notification by Heads of Depart-
nts-- This part is also printed in 11 and 7 point types in
ngle column and includes many statements with headings and
rther a few number of spare copies of matter have to be supp
the Departments concerned in many cases. In Madras, the
tter is printed in 8 and 7 point double columns. The Press
nnot use small types for the reasons already explained but
ere appears to be no difficulty in printing the matter in
uble column foolscap size in 10 and 7 point types. In this
:se, the spare copies will be also in the reduced size. The
:atement and headings will be avoided as far as possible by
ıtting the matter from the Department desiring publication a:
unning matter.

Part III. Section III--Notification by Local-Self Govern-
:nt:-- This part is also printed in 11 and 7 point types in
single column foolscap folio. This will also be changed into
double columns and printed in 10 and 7 point types with other
changes as proposed in Section II.

Part IV. This part contains publications of bills prop

proposed to be introduced and Acts approved by Government. This is printed in 12 point types in Royal 8vo size. In Madras all bills to be introduced with objects, etc., will be printed in 10 point and Acts approved in 12 points type both in Royal 8vo size. There appears to be no difficulty in following the same in the Mysore Gazette and to print bills in 10 point and Acts in 12 point Royal 8vo size. This method results in savings while complying with the needs as usual.

Part V. This part is printed in 11, 10 and 7 point types with certain statements in Foolscap size single column. It is possible to reduce the types of printing to 10 and 7 points and also to print matters contained in the form of statement as a running matter in double columns as far as possible as proposed in Part III, Section I.

Part VI. This part contains Departmental and private advertisements and in many cases the spare copies of which have to be supplied to Departments. This is printed at present in single column using 12, 11 and 10 point types. It is possible to have this part also printed in double columns as in the case of Fort St.George Gazette using 10 and 7 point types. In this case the spare copies required by the Departments will be supplied in reduced size.

(b) Kannada Gazette

All parts of the Gazette are printed in 10 or 12 point in foolscap folio single column except Part IV which is printed in 14 points type in Royal 8vo size. It is proposed to print all parts (except part IV) in double columns foolscap folio, using 10 point types uniformly. Part IV will be printed in the present size. But Bills to be introduced will be printed in 10 point and Acts in 14 point of types. No other change is proposed.

Sample forms of printings of various parts, both English and Kannada as proposed above are enclosed for kind perusal.

If these proposals are approved there will be savings of about 20 reams of paper under the English Gazette and 5 reams of paper under the Kannada Gazette in each week. (Nearly 10 to 20 reams of double foolscap paper are used weekly in an average for printing the English and Kannada Gazettes, respectively.) Thus the annaul savings under paper will be (25 x 50 weeks = 1,250 reams) costing Rs.2,500/- as per pre-war rates at Rs.5,625/- per year as per existing rates besides savings of about Rs.600/- to 700/- per year under printing, binding etc., etc.

The above proposals are submitted for kind consideration.

1. In view of the prohibitive cost of pape and printing materials due to the present international situation and of the need to economise ~~and~~ expenditure in all possible directions, Government have carefully examined the question of the ~~possible~~ econ mies that can be effected in the printing the Mysore Gazette and have considered the views of the Press Committee in this behal and the opinion of the Compiler, Mysore Gazette and are pleased to sanction the following revised arrangements:-

(i) In Part I of the Gazette only important Government Orders of sufficient general interest shall be published. The Secretaries to Government are requested to examine carefully in each case whether the Government Order in question need be published or whether such publication is unnecessary.

(ii) The Government observe that Part III of the Gazette contains at present, notifications by the Government (including notifications relating to the acquisition of lands) as also notifications by Heads of Departments ~~with~~ on a variety of subjects. Government desire to lay down as a general rule for guidance, that no matter should be sent for publication in the Gazette by the Secretaries to Government or by the Heads of Departments unless such publication is ~~either~~ required under the Statute, or the non-publication of such matter is likely to cause inconvenience to the public. Notifications therefore which are at present appearing in the Gazette regarding the award of scholarships, the list of motor vehicles registered, the appointment of Dharmadharsis to Muzrai Institutions etc., should not find a place in the Gazette.

(iii) The Government agree with the opinion of the Compiler, Mysore Gazette and Supdt., Government Printing that in future, notifications relating to the acquisition of lands shall be published in a narrative form as in Madras instead of in the form of a statement. ~~as~~ This change will effect considerable savings in space and in the quantity of paper consumed.

The Superintendent, Government Printing will printing the required number of ~~these~~ forms and supply them to the Deputy Commissioners and other Officers concerned, who will in future send the information ~~them up~~ in a narrative form for publication in the Gazette.

~~In the case of notifications~~ iv) In cases ~~instances~~ such as those noted in the margin only abstracts of notifications will be published in the Gazette, the members of the public being referred to the office concerned for further particulars if any desired by them, ~~In such cases~~ and the Department getting the required number of spare copies of these notifications printed for their use. In the case of notice of sale of the right to levy tolls in the State Fund Tolls, only an abstract ~~of the~~ notice of sale of such right will be published in the Gazette, the public being referred to the respective District Offices for details. Notice of sale issued by the Office of the Revenue Commissioner in Mysore (as the Chief ~~Administrating~~ erring Authority in respect of Tolls), will be printed in extenso separately once a year in respect of contract toll gates, for wide publication within the district concerned and among intending bidders and for being supplied to such of them as may apply for it.

Notifications regarding ~~the~~ Sale of the right of collecting tolls at the Toll Gates.

~~The~~ Holding of cattle shows and fairs. ~~and~~

Sale of the Right to collect fees on cattle and the shops and manure at jatras etc.

v) As regards Part VI which contains public advertisements, instructions have been issued by the Government separately in their letter No.G. 7915-G.M. 86-41-1 dated the 27th January 1942 directing that in the case of advertisements relating to the Stores Purchase Committee only short notices may be arranged to be published in the Gazette, the intending tenderers being required to obtain details on application and ~~directing~~ that the letters of enquiry shall not be published in the Gazette. Weekly statements and orders placed by the S.P.C., will continue to be published as usual to avoid frequent enquiries from the firms and representatives regarding the decisions taken by the Committee on the tenders. Advertisements by the C. R. B. will also continue to be published in the Gazette as at present.

2. The Secretary, Press Committee has proposed certain ~~the~~ changes in the size of the types and the format of the Gazette with a view to economise space. The Government generally approve of the suggestion, the technical details of actual printing work such as the point of types to be used, the employing of double columns, the format etc., being left to the discretion of the Superintendent.
